

Email Subject Line: Enhance Your Reputation with GORE® TENARA® Sewing Thread

Distributor Logo

GORE® TENARA® SEWING THREAD

**Ideally suited for outdoor and marine applications
Backed by a lifetime warranty**

TENARA Thread Retains Strength Year After Year

Set yourself apart from your competitors simply by changing the thread you use, for only the small part of cost of an overall project. Unlike polyester sewing thread, the GORE TENARA **Sewing** Thread retains its strength against the elements and lasts even longer than the fabric in which it is sewn.

TENARA thread is unaffected by sunlight, weather-proof, easy to clean, and its colours retain their bold appearance over time. Using TENARA thread tells your customers they are buying a high quality product, built to last. For the small additional cost of TENARA thread, you can charge a premium for your projects, enhancing your profit and reputation.
