

# Protect Your Workplace

## Spread the Word & Get Involved

Americans, including Associates here, regularly use the Internet to communicate with colleagues, share vital information, and conduct business. Yet our collective cybersecurity is threatened on a daily basis by online criminals who wish to do us harm.

As we move further into the Information Age, we must recognize our shared responsibility to make cyberspace a more secure environment for ourselves and future generations. There are things you can do right now to protect Americans from online risks by becoming a cybersecurity advocate in your home, office, and community:

- Discuss the importance of cybersecurity internally with your colleagues and externally to your organization's stakeholders, as well as with your friends, families and members of your communities.
- Become a Friend of the Stop.Think.Connect.™ Campaign ([www.dhs.gov/stopthinkconnect](http://www.dhs.gov/stopthinkconnect)) to receive cyber tips and resources.
- Sign up for the US-CERT alert system ([www.us-cert.gov](http://www.us-cert.gov)) to receive alerts with timely information about current security issues and vulnerabilities.
- Download and distribute Stop.Think.Connect. and US-CERT resources to give to your colleagues, family, friends and communities.

**Cybersecurity is a shared responsibility and we each have a role to play.**

As a participant in CTPAT, Gore is making a firm commitment to enhance the security of goods moving through our international supply chain. Gore works to protect its supply chain from criminal activities such as drug trafficking, terrorism, human smuggling, and illegal contraband. Allegations or indications of any of the above activities or risks in Gore's supply chain will be promptly investigated and appropriately addressed. An Associate who has evidence of or concerns about inappropriate or illegal conduct in Gore's supply chain are directed to contact their regional Trade team, their leader or the Gore's Ethics Hotline.
