

SEAL VERIFICATION

VVTT:

- View** Examine the seal and the ocean container/trailer door hardware.
- Verify** Verify the numbers on the seal match the numbers on internal paperwork.
- Tug** Tug on the seal to make sure it was affixed properly.
- Twist** Twist and turn the seal to verify that it doesn't unscrew. If the seal is threaded, it can be unscrewed to gain access.

As a participant in CTPAT, Gore is making a firm commitment to enhance the security of goods moving through our international supply chain. Gore works to protect its supply chain from criminal activities such as drug trafficking, terrorism, human smuggling, and illegal contraband. Allegations or indications of any of the above activities or risks in Gore's supply chain will be promptly investigated and appropriately addressed. An Associate who has evidence of or concerns about inappropriate or illegal conduct in Gore's supply chain are directed to contact their regional Trade team, their leader or the Gore's Ethics Hotline.

CTPAT[™]
YOUR SUPPLY CHAIN'S STRONGEST LINK.
